Beloved Spirits of Sacred Fire,

*I love you. I shall this month draw you as close to My Flame, within the Planetary Three-fold Flame, as I AM allowed by Cosmic Law ... until you are so absorbed into this Omnipotent Flame that you know yourself firmly as *Representative of Shamballa*, an aspect of the Flame ... manifesting your service to the Planet in the perfect Balance of your own Three-fold Flame, while wielding the God Authority of the Lord of the World in re-establishing the Perfect Balance of Spiritual Forces on this Planet. Join Me for a moment in Silence as We begin this visit together ... feel My Love. Feel Our Unity ... for together We are the Force of Planetary God Authority flowing into Humanity, re-establishing the Balance this Planet requires to move forward into the Light, Permanently.*

SACRED AND HOLY SHAMBALLA

Welcome to My Home, the Sacred and Holy Shamballa. Much has been prepared for you this month, and although Lord Maitreya and Beloved Kuthumi will be your personal Hosts, I AM

so very grateful to establish closer ties with each of you, even as I perform My Celestial duties as Lord of the World. Allow Me to speak of Holy Shamballa. As has been written in the Akashic Records, the Purpose Beloved Sanat Kumara established for the original Shamballa on Earth was "to make every human being a conscious Light bearer." I have left this "project of Planetary Illumination" as My purpose for Shamballa, with the aim of fulfilling the Divine Plan of each one and, therefore, the entire Planet, which remains My responsibility. You are My evidence of success so far, especially when considering the Unified Planetary Lightworkers on a global basis. And with the Power of Synchronicity, your success will open the floodgates for Planetary success. You must understand your part in the Victory of Shamballa, the Victory of Planetary Balance. The Lord of the World "needs a body." It has always been so, even at times when Sanat Kumara had but two or three conscious Light bearers embodied at certain critical moments in earlier history. But now, through the Unity of Group Avatar Consciousness, I have a global Christ Presence through which the full Love, Wisdom and Power of the Godhead will restore this Planet to its glorious Divine Plan! And as We proceed through the yearly cycles, you are also learning your own Perfect Love, Wisdom and Power. So please, take the time to contemplate your development of Mastery as you proceed through your day-to-day Life, as a Representative of Shamballa!

Shamballa is that aspect of the Solar Three-fold Flame assigned the responsibility of maintaining the perfect Balance of Love, Wisdom and Power in the Spiritual evolution of Earth. It does so on an impersonal Planetary basis, so that no matter what imbalance individuals pass through in finding their own mastery, the Balance of the whole remains intact, something each member of the race can continuously depend on. The Divine Plan calls for the Christ Presence within Humanity to work in Unity with the Lord of the World to maintain this Balance. You can see from a historical perspective that the Lord of the World has had to personally sustain the bulk of this Love, Wisdom and Power Himself, without much cooperation from the race He serves. However, this is rapidly changing, and it is this Reality that I wish to highlight this month. It is like a developing child dependent on the sameness, security and consistency of the family's Unity and Harmony, while seeking his own personal development. The more the family is centered in balance, the more easily each individual member will discover their own balance and then add that balance to the family, strengthening the whole. In this case, We speak of the Family of Humanity and of each member developing self-mastery on this sweet Earth. You can imagine the happiness of the parents in a family when their children begin to add to the Balance,

Harmony and Unity of the family. This is how happy I AM in your Christ Service through Group Avatar Consciousness.

DIVINE GOVERNING THROUGH THE PLANETARY THREE-FOLD FLAME

*The Radiation of the Planetary Three-Fold Flame at Shamballa is the Cosmic Momentum of Balance necessary for this Planet. This Holy Christ Flame of each one is a stepped-down Source of the same Cosmic Balance for the individual. At the completion of this year of Unity, it is therefore our project to Unify the Holy Christ Flame of Group Avatar and *all Humanity* with the Planetary and Solar Flame of Balance, until the Radiation of Shamballa (and of My own personal Forcefield as Lord of the Word) is tangibly Radiating through every Holy Christ Flame ... blazing like a Sun with the aura of each Christ Conscious Light worker, and to some degree, *within every person within Humanity!* This not only perfectly completes the year of Unity, but, as you shall soon see, opens the door to the glorious Balancing Energies.*

*This process is much more than a visualization or a mental concept. This is the actual manifestation of Shamballa's influence established "in the everyday Life of the people," part of Unifying "the center where Humanity dwells" into the Fourth Sphere of God Consciousness ... with the Devic, Angelic and Ascended Beings of Love, Wisdom and Power. On every other Planet, the Lord of the World has this profound personal influence or association with each of the evolving Beings on that Planet ... functioning within their everyday life like a loving parent. And while this may seem astounding to the outer mind, it is but a natural process on the Fourth Sphere where the Lord of the World is responsible for the Divine Plan of the Planet, which itself is but the Victorious Divine Plan of each one fulfilled. In My daily meditations within the Planetary Three-fold Flame, I make *actual contact* with the Holy Christ Flame of every human being. As more and more of Humanity realize their Christ Nature and allow It into their everyday life, this gives the Planetary Three-fold Flame more and more access in influencing the thoughts, feelings and actions of Humanity in both personal and collective ways ... thereby affecting the perceived "reality" of the Planetary Life, gently raising Her into permanent Spiritual Freedom.*

This is an aspect of Divine Governing, the governing of Spiritual Forces within the Planet's Forcefield. This influence of the Lord of the World and the Planetary Three-fold Flame is to ensure the perfect Balance of Love, Wisdom and Power within day-to-day Planetary Life, for

each one to draw upon in developing his/her own mastery. It had never intended to undo or remove the free will of the individual or of the collective whole (group, family or nation). Rather, it is the continuous presence of the perfect Balance of Spiritual Forces (whose symbol is the Three-fold Flame), which then allows any individual or group to develop its own Divine Plan perfectly. It is the Solar Balance each of us was born into when we first stepped out from the Heart Flame of our God Parents. It was our first Reality when we perceived I AM. It is the Sacred backdrop that Life Itself promised would be ever present as we journeyed at the core of our being, and only by alignment and Unity with Its Love, Wisdom and Power do we attain our own Divine Plan fulfilled.

It is the absence of this backdrop in conscious Planetary Life and the ensuing sense of abandonment that affects so much of Humanity. It is the root of much manifest imbalance in thought, feeling and behavior, and there is a profound longing (sometimes excruciating) within all beings to rediscover this backdrop ... again to feel they have “come Home.” When a person has a religious or philosophical “conversion,” it is fueled by this longing to rediscover security and consistency and to provide meaning in day-to-day experiences. Some of Humanity successfully find this in religious conversion, and yet, many of Humanity reject religious conversion because of the previous mistrust of religion itself or because of the imbalance of fundamentalism as the “content” of that conversion. The natural process intended from the beginning was that the backdrop (or Forcefield of Spiritual Balance) be consistently present (particularly highlighted in the earlier developing years) ... and then individuals find their own Love, Wisdom and Power by doing so. This process takes place on all other Planets. It is also the mechanism by which the Cosmic Christ manifests the limitless aspects of the “Perfection of Being” on Earth. For the Cosmic Christ also works through the Planetary Three-fold Flame, so that as each one receives the direct Radiation of the Cosmic Christ in bringing his/her own Christ Nature to full fruition ... the Unity of which on a global basis constitutes the embodied Cosmic Christ! Contemplate this, as you sojourn with Beloved Maitreya this month.

BALANCE WITHIN BALANCE

There is also a Balance to be discovered in discovering balance. Allow Me to explain. Individuals must develop within their own lifestreams the perfect Harmony of Love, Wisdom and Power, their own Sacred Trinity of Creation, which will propel them throughout eternity as evolving Gods and Goddesses. But each one must also balance his/her own individual development with

the development of the whole, be it the family, the group, nation or planet, for each level of organization, from the atom through to the Galaxy, has its own Divine Plan to fulfill. Therefore, all developing Spiritual Beings must find the perfect Balance of their own Divine Plan in context with the developing Divine Plan of their family, their group, their nation and – particularly at this time – of their Planet and Solar System. From this you can see more of the depth and breadth of the Love, the Wisdom and the Power to be attained from the Godhead.

This developing Balance is unique within the Human Kingdom. Elemental Life is more simple. There, the Life process is geared toward the group almost entirely. In the Life of insects, for example (and insects are a tremendous life force upon this Planet), the individual is always subservient to the development of the whole. But in insect life, the Center of Life is within the group Deva, who sustains the life force for that group. In Humanity, the center of Life is each one's Holy Christ Flame. For, on earth, only the human Kingdom has the supreme gift of individual free will. They alone are developing into Gods and Goddesses, as continuous co-creators with the Mother-Father God. Yet, Humanity also has a “collective whole” to its nature which it must discover and evolve ... *the Unity of all Holy Christ Flames on the Fourth Sphere, within the Cosmic Christ ... the Flame of Humanity's Christhood at Shamballa!* The Cosmic Christ is like a group Deva, watching over the Family of Humanity as it develops into the Family of God Beings on Earth ... manifesting the limitless variations of *perfect Being* on Earth, but with the Reality always of the Family of Humanity as the principal backdrop. This Balance is particularly necessary at this Cosmic Moment of the Earth's transformation into Fourth Dimensional Consciousness. And it is in this Sacred Service that I, as the Lord of the World, require your one-pointed consecrated service, both in inner work (in establishing Spiritual Forces) and in the outer work of Illumining the awakening consciousness of Humanity.

This process I outline here reflects the Balance of all Divine Beings ... the continuum of existence between an identity as an individual I AM Presence through to complete Oneness with the Universal I AM Presence. From My vantage point, the cells of Group Avatar are becoming more secure in their individual Christ Identity and can now afford to think of their collective identity as a functioning Planetary organism centered in the Cosmic Christ, leading Humanity into the same experience ... fulfilling the purpose of Shamballa and of My own Divine Plan.

DRAW CLOSE TO SHAMBALLA'S LIGHT

Therefore, you shall be drawn close to My Flame and My Service this month, but also to that of Beloved Maitreya the Cosmic Christ ... and that of Beloved Micah, the Angel of Unity Whose Cosmic Forcefield of Unity Radiates through Shamballa, encompassing the entire Earth in a beautiful Sapphrine Blue Radiance. Come often in projected Consciousness during your meditations or while the body is asleep. The Sacred Forcefield of Shamballa, and the Planetary Three-fold Flame is more available to the Lightworkers this month than ever before. Come ... come and Inbreathe, Absorb, Expand and Project this Flame and assist Me in the Victory of Shamballa. Take this into your awakened day-to-day service. Approach every experience with the silent God Authority of the Planetary Three-Fold Flame. Say often that "I AM a Representative of Shamballa ... I AM the perfect Balance of Spiritual Forces this experience needs." See each experience enveloped in the aura and Radiance of your own Three-fold Flame, thus within the Radiance of the Planetary Three-fold Flame, as the two have become One. Feel Beloved Micah, Beloved Lord Maitreya, and Myself in Action through your Forcefield of Balance! ... giving Us Our most profound access into Humanity. For this I AM so very grateful.

Say often with Me, "I AM the Light of the World ... I AM the Lord of the World in Action here and now." You and I will develop this month in your Planetary Life the profound loving association We have always maintained on the Fourth Sphere ... and through global Group Avatar I shall establish this on a Planetary basis. The loving embrace of the Spirit and Sponsors of this year shall seal this Activity in eternal Unity and a manifest Peace.

In the Authority of the Planetary Three-fold Flame, So Be It ... I now leave you in the glorious Spiritual embrace of My dear Brother, Lord Maitreya, Whose tremendous aura is developing this Planet in His Love, Wisdom and Power of the Cosmic Christ throughout this month.

I AM

Gautama

It is My Joy Supreme to greet you in the Sacred Radiance of Our Lord of the World, within Celestial Shamballa, Our true Home. Here We all bow in reverence to the eternal governing Supremacy of the Universal Three-fold Flame, allowing each of Us to develop in fullness as an aspect of Its own Divine Presence.

Your presently serve this Three-fold Flame as Its physical vehicle, collectively maintaining the mechanism through which I, as the Cosmic Christ, can extend My influence as “Keeper of the Flame” further into Humanity. I, of course, have My Individual Identity and do use it to influence certain leaders or individuals in all areas of Life on Earth. But in the “Balance within Balance” that our Beloved Lord of the World speaks of this month, My Identity is more focused on “the Whole,” on My Oneness with you, the collective Christ Consciousness, now embodied on Earth through Planetary Lightworkers everywhere.

The Divine Plan of the Cosmic Christ is integrally unified with Shamballa and Its Influence on Humanity. For many centuries, Sanat Kumara was everything to this Planet ... Lord of the World, Head of the Spiritual Hierarchy, the Cosmic Christ, the Teacher to Masters and Humanity. Now, of course, Lord Gautama is Lord of the World, Beloved Kuthumi is the World Teacher, and I serve as the Cosmic Christ. But these Spiritual Offices remain Unified, all centered through Shamballa. Shamballa is the Supreme Spiritual Forcefield associated with this Planet, wielding Its Celestial Authority on behalf of the Spiritual Development of individuals and of Humanity in the fulfillment of Earth’s Divine Plan. It is, therefore, of utmost importance that the Lightworkers relate to Shamballa as just that ... a Fourth Dimensional Spiritual Forcefield. The Spiritual aura of the Planetary Three-fold Flame Radiates throughout the Planet, through the vehicle of the Holy Christ Flame of each one, particularly those of the conscious of Lightworkers, and can be found in the Light at the center of every electron making up this sweet Earth. This is the case on every other Planet in the Solar System. Lord Gautama has spoken of the relationship of Christed individuals to Shamballa at this important time, and I ask you to contemplate this until you are fully illumined to its import. You have become part of the working of Shamballa.

The World Teacher, the Lord Maha Chohan, the Manu, the Angel of Unity (Beloved Micah), and Myself (as Cosmic Christ) are often in meditation with the Lord of the World in the full Radiance of the Planetary Three-fold Flame. These meditations are the heights of Cosmic Glory and Balance, while in the aura of the Supreme Illumination and Compassion of Lord Gautama.

The full Radiance of the Flame is the direct outflow of the Celestial Three-fold Flame in the Center of the Sun. In these meditations, Lord Gautama extends a Ray of Light from the Planetary Three-fold Flame into the Three-fold Flame within all Humanity. In this He makes Himself a bridge or relay station so that each being consciously (in the case of the Lightworkers) or unconsciously (the great masses) remains directly unified with the God Parent's Heart Flame, and thus with the eternal upward evolutions of all Life. For no matter the personal development, no matter the denial of their own God Presence within, Lord Gautama has the Supreme Illumination and Compassion to ensure that each one remains unified with his/her Planet ... like the wayward child who is loved totally by his Family, even when lost in the maya of human illusion.

COMPASSION

The World Teacher, Lord Maha Chohan, the Manu, Beloved Micah and I assist the Lord of the World on a continuous basis in these meditations, allowing Us to absorb the fullness of His Compassion into Our own developing Light. We also gain from this the Illumination to further Our own service in Unifying the race with its own God Presence, with the Family of Humanity, with the Angelic and Elemental Kingdoms and with the Ascended Master Realms of eternal Light. All Ascended Masters participate in these meditations to some degree, some more directly than others, depending on Their own particular service to Humanity. Lord Gautama has, over the recent years, been more accepting of the embodied Lightworkers consciously participating with Him in these Planetary meditations of compassion. And I AM here imploring you to purify and align your consciousness with the Celestial Shamballa so you, too, may absorb and assimilate the Supreme Illumination and Compassion of Lord Gautama into your daily service. It is the quintessential experience of Planetary Love. And there is a "window of opportunity" this month firmly to begin (or to *expand*) your relationship with this daily Planetary meditation.

In doing so, you will experience *Compassion as the height of impersonal Divine Love on a global scale*. Compassion contains the *Wisdom* to know what others need for their own Spiritual development, and provide it in silence. Compassion is the *Divine Power* and tenacity to hold steadfast to that which you know is the ultimate Truth for each one and of the Planet, in the face of all human illusion or imbalance. Compassion is the most effective way of *Loving* this Planet and its teeming Life force seeking Freedom. It is perfect detachment from the illusion that

yet clouds the Truth, keeping the door open for all Life to see the same Truth you now live within! It is your opportunity to *develop your Buddhist Consciousness*, joining the eternal linkage of Celestial Buddhas centered in Divine Compassion. Visualize yourself as you might see Lord Gautama, seated upon the Lotus Throne of your own Three-fold Flame holding the Earth in your embrace of Love, Wisdom and Power, silently providing Her Life-force the perfect Balance of Spiritual Forces required for Her complete Spiritual Freedom.

Meditate daily with Lord Gautama, contemplating the Office of the Lord of the World, who alone holds responsibility for the entire Planet's forward evolution ... sustaining a Force of Light within the race to ensure basic self-conscious development and a consistent opportunity for Spiritual progress. You make take this for granted in your own life, but there are yet great pockets of imbalance within Humanity, where it remains almost impossible to find opportunity for Spiritual progress in this lifetime. We must transmute the situation by the Power of the Planetary Three-fold Flame, bringing the opportunity for advancement to *each one* who has made that choice before God. Beloved Sanat Kumara brought us all through the darkest moments in this Planet's history, into this present opportunity. Lord Gautama shall now take this Planet Home permanently into the Realms of God Consciousness. Allow Me to remind you that when you embodied with the opportunity of becoming a conscious Lightworker, you vowed to assist Lord Gautama in this service of Planetary Compassion, *from within Humanity itself*. Meditate upon this, for here you are with an opportunity to fulfill this vow. Continuously contemplate this, with gratitude, as you sojourn with the Lord of the World this month. You also pledged to assist the Cosmic Christ, something you and I have meditated upon through the years since. And here you are building My Body, the Planetary Group Avatar through which I may function in Fourth Dimensional Consciousness with Humanity.

As you dwell this month in the Radiance of Shamballa, in the Celestial Presence of the Planetary and Social Spiritual Hierarchy, you will have an opportunity to meditate with Us on the transition of the Spirit of the Year and the Ceremonies including a new cycle. I wish to convey to you the great Light of Beloved Micah; how well He has served the Planet through this year of Unity. He and I remain "as one" since the Christian Drama, when He, as Beloved Jesus, allowed Me to function directly through Him into Humanity. He shall be here at Shamballa this entire month to assist you, the present Planetary Group Avatar, to do the same. His great Light shall help Unify Group Avatar and the Cosmic Christ until each of you feel the Presence of the Cosmic Christ working through you individually and, more importantly, through *your*

global Presence! Through our meditations together, the Planetary Forcefield of Group Avatar shall become the Planetary Forcefield of the Cosmic Christ! I shall speak more to you on this in the Glorious incoming year.

EXPANDING THE THREE-FOLD FLAME

The expansion of the Three-fold Flame is the purpose of Shamballa, governing all inner and outer life simply by establishing the Perfection of Its own Balance, allowing every other aspect of Life to find its state of Perfection as well. The Immortal Victorious Three-fold Flame is the Center of Existence in Humanity, through which the great Life-force pours Its limitless Perfection into the infinite varieties of individual Mastery, in the manifestation of the Divine Plan. Concentrate this month on expanding your own Three-fold Flame. See and feel your Three-fold Flame as the governing Force within your Heart Chakra, influencing all that you feel ... within your Throat Chakra governing all that you say ... within your Head Centers governing all that you think and receive. See your Three-fold Flame as a magnificent aura from below your feet to above your head to the outermost reaches of your Planetary Sphere of Influence. Know It to be the governing influence of Divine Balance within every person, place, condition and thing currently a part of your life, extending into those situations the Cosmic Love, Wisdom and Power of Shamballa, allowing them all to evolve into their own Divine Plan, made manifest now! Project your magnificent Three-fold Flame before you, so that you always arrive into the Balance of Cosmic Love, Wisdom and Power, as every experience arises in your life. Sit in the Sacred aura of Lord Gautama, Beloved Micah, and all of the Ascended Masters gathered here this month, and feel the Earth cradled in your own Three-fold Flame, sustaining and expanding a Light Force of perfect Balance that creates the opportunity for every man, woman and child to discover their own Christ Consciousness and the Power of Light within their own Flame ... each one becoming a consecrated Light bearer.

There is no greater way to love Humanity than finally to establish and expand this Activity of the Three-fold Flame. As you meditate with the Beloved Lord of the World, feel the tremendous Compassion that comes from Buddhas beyond Buddhas, all flowing through our Beloved Lord Gautama. Feel your Sacred Compassion, your love for each one of your own, every human being on this Planet, just as Beloved Jesus cared for each of the "lost sheep, not one being uncared for."

Consecrate your entire Being - from your Solar Presence in the Sun through your atomic cellular physical presence - to Unity with Shamballa, with the entire Planetary and Celestial Spiritual Hierarchy gathered around the Flame at Shamballa. Consecrate your Unity with all of Humanity, through your own developing Compassion for all Life. Reconfirm your Unity with the Flame of Humanity's Christhood within the Cosmic Christ. And in this Balancing Activity of Love, Wisdom and Power, we shall greet the New Year in a mighty Celestial Ceremony with the Ascended Masters in the opening Energies on New Year's Eve. Representatives of the Sun and Central Sun shall be in Earth's atmosphere, and They long to record tangibly your Presence as an example of Humanity's cooperation with the Great Plan. This, then, allows the Karmic Board to dispense greater grants of Divine Energies to the Ascended Masters and Their Planetary Lightworkers in the further transformation of this Planet into its perfect balance.

I give you My personal Love, Wisdom and Power to sustain you through every experience you pass through, even as you call upon the Love, Wisdom and Power of the collective Group Avatar ... for the two are clearly becoming One Planetary Spiritual Forcefield. I leave you now, as together, from within the Planetary Three-fold Flame, We give the Great Invocation:

From the point of Light within the Mind of God
Let Light stream forth into the minds of men.
Let Light descend on Earth.

From the point of Love within the Heart of God
Let Love stream forth into the Hearts of men.
May Christ return to Earth.

From the center where the Will of God is known
Let purpose guide the little wills of men -
The purpose which the Masters know and serve.
From the center which we call the race of men
Let the Plan of Love and Light work out
And may it seal the door where evil dwells.
Let Light and Love and Power restore the Plan on Earth.

So Be It!

Maitreya

Cosmic Christ

GLORIOUS SHAMBALLA

As once again this glorious and ancient Focus of Love to the Earth becomes active and you wend your way there in consciousness, you will experience an even greater expansion of Light and Love in your own world, for even this Mighty Focus has expanded Its Light since last you visited there.

Under this glorious NEW VIBRATION which is taking dominion of the Earth - and which, after all, is not NEW, but is the oldest Vibration in existence since it was the Original Vibration - tremendous changes are taking place in every department of Life, and even Glorious Shamballa's Light and Love have increased beyond any way of explaining.

All the old methods and instructions must go to make way for the New Life, the New Method, the New Tool that is to be used to set this blessed Planet free - and that is DIVINE LOVE! Therefore, dear students, let your consciousness be saturated with that great selfless LOVE that has poured from Shamballa for so many countless years. This year, BECOME that Lord of Love, that you have thought about and talked about for so long.

Every call that you make for yourself, EXPAND IT through the Power of Divine Love to go to every part of Life on this dear Planet.

Forget your mistakes, and forget the mistakes of mankind and see each part of Life Holy, Perfect and FREE. Pour the conscious Flame of Love from your Heart to whatever your attention is upon to assist in dissolving and transmuting everything less than God's Perfection back into its pure and perfect form an activity - FREE - forever, through God's Divine Love.

As you send your Love and Gratitude to Shamballa and to Beloved Sanat Kumara, without Whose Love the Earth would not be, and to the Beloved Lord Gautama, Lord Maitreya, the Maha Chohan and All Who have assisted you over the past year, let your Heart earnestly ask that YOU may make the Balance in your world, by pouring out such Divine Love, Blessings and Illumination that every part of Life you contact is made aware instantly of their own Great I AM PRESENCE - their Source - and joins in helping this Planet into Its Ascension as quickly as possible.

THE MAGNETIC POWER OF LOVE

From the smallest living intelligence to the Greatest Universal Sun, the Magnetic Power of Love is the ONE activity that knows neither space, time nor barrier, but transcending all forms and matter, rushes toward fulfillment of Itself wherever the vibration of Love calls it forth! Truly, Love knows Its Own, and no disguise, no shadow, no form, can hide Truth and Love from Life!

Long did I meditate upon the Love of God, as contrasted with the terrible appearances that afflicted the brothers and sisters who shared with me a place beneath the hot Sun. In My Heart I prayed that I might understand the Nature of the Creator Who could sustain and energize such unhappiness. If I, a son of man, could find such pain within My fellow's distress, it did not seem within the realms of logic to believe the Supreme Intelligence from Whose Bosom We all came forth could tolerate such iniquities.

The battle between My reason, mind and intellect, My sympathies and My rebellions took many years, as Earth count is reckoned, before I came to an understanding of the Love of God and His Sweet Design for all His Creatures! Until I could look upon the world and all within it and see it as He, in His Love, conceived it and held it still.

My entire Life became a dedicated pilgrimage to convey the feeling of God for His Children to those who chose to participate in My joyous realization. After the close of My Earth Life and the completion of the Cycle that followed My Ministry. I was enabled to enter the Deep Heart of the Great Silence, coming forth as you know once each year (at the Wesak Festival) to bring the blessings and benedictions of God to the evolutions still walking the Earth.

Then, the call for Mercy came so strongly through the Interplanetary communication system, that I was drawn from the Heart of the Silence and, in interest, chose to return to the Earth to see multiplied a hundred-fold the desire for Mercy for all Life within the yet bound souls of men. As the magnet draws the Light of the Sun and creates a Flame, so does this deep Heart desire for Mercy from the souls of men, draw the Flame of Our Presence, for LOVE CANNOT BE DENIED!

I shall endeavor, through Lord Maitreya and Kuthumi, to intensify the outpouring of Love Divine through the teachers of the race, those embodied and those yet awaiting embodiment. I shall endeavor to assist you each one, to remembrance of that feeling which you enjoyed in My presence and which is within the substance of your etheric envelopes awaiting invocation to live again for you today!

May you know the Ecstasy of the Love which God Is – and which it is My privilege to transfer to those who choose to love Him. The Blessings of the God of Love be upon you each one!

Lord Gautama – Lord of the World

LET LOVE BALANCE YOUR KARMA

My dearest ones, do you realize that you have the greatest gift in the Universe in the conscious knowledge of your own I AM Presence as your Source of Life, and the realization that your only obligation to Life is to that God Presence and to ever expand the Love and Light, which It pours to you in the amount that you decree! This is by far the greatest gift in the Universe, to know that you can consciously acknowledge your Source of Life any time you so desire and receive an immediate response from your Godhead.

I want you to remember, above all in your service, which is to come, that when you love your own I AM Presence above everything, even if you have centuries of destructive momentum in your aura, that you have absolutely no obligation to balance that destructive karma through the means which most people choose to go through - because - as long as you love your own I AM Presence, this automatically balances everything. No matter how many centuries or how many embodiments you have used to build destructive momentum, your karma will be automatically transmuted by loving Life!

I want this to go forth to as many as possible so that when some imperfection comes into your world, do not say any longer, "Well, here is some imperfection that I have created, and it is now returned to me to be transmuted," because this is no longer true! If, instead, you will turn your attention to your own I AM Presence and LOVE IT INTENSELY, if there is some imperfection from the past, it will be immediately balanced and everything set in Divine Order.

The Light of My Presence is with each of you - and of course, Our Beloved Saint Germain and LaMoraë, as well as Myself, constantly stand by to render any possible assistance after you first go to your own I AM Presence. God Bless you!

Lord Maitreya

HONORING THE PRESENCE OF GOD

When a chela honors the Power of God released either directly from the Source of All Life, or indirectly through one of the Messengers of the Kingdom, such a person, through his own consciousness, accepts the God Power as a *REALITY* that cannot be denied, as an *Awesome Presence Whose Power is Omnipotent, and as an Omniscient Grace whose efficacy is limitless.* When such a state of Heart and mind is established and maintained by any individual part of the One Life, his consciousness becomes a mystical, magnetic focus that releases the ever-present God-Power into the three-dimensional plane.

In their very innermost nature, every Blessed and Holy One, through uplifted thought and feeling, are constantly adoring the God-Principle, acknowledging Its Active Presence through them, and honoring the limitless power of that *I AM PRESENCE*, which knows no defeat nor failure in anything. This is active Faith - the Faith that moves mountains. When this state of Heart and mind is achieved (and it can be by sincere contemplation upon the Presence of God), the chela abides in an inner Peace and Tranquility, for he does not expect to wrest from his own personality, or another's, that which the personal self cannot give. In the silent salutation to the ever-present and abiding Power of the God of Love, his recognition, acceptance and devotion releases the Power of the Presence to accomplish all things in his daily living.

When the chela realizes that the God-Power will act for and through him, this is one of the greatest links between the chela and the Ascended Master - for while the chela thinks that the God-Power will act only for the Ascended Master, he has yet far to go. The line of demarcation is fine, but, as we move forward on The Pathway, we learn to honor the Presence *NOW*, in ourselves and in all Life.

Beloved Kuthumi

The Great Invocation

*There is an aspect of this current transition that I desire to highlight in My present Service. The Great Invocation has been chanted by the Lord of the World since the coming of Sanat Kumara. It calls for the return of the Divine Plan. It is now time for its completion ... its fulfillment! I ask you to read this Invocation often until you can chant it from memory. Each aspect of it is important. You have been apprised that, in cooperation with many Ascended and Cosmic Beings, along with your combined Light on Earth, I was able, during this Year of Peace, to "seal the door where evil dwells." This begins the complete fulfillment of the Great Invocation. Step by step, each aspect of It has been accelerated through the years to where now the *point of Light, the point of Love and the Center where the Will of God is known* are Unified and functioning within Humanity!*

In our meditations this month, we shall break the silence to give this Invocation together many times, until its momentum, like a great bell tone, awakens the Three-fold Flame in the three higher centers of every human being.

It is a great Joy to Host you at Shamballa, along with many Cosmic and Ascended Beings, Representative of the Sun and the Avatars of all Ages. I hope to reveal to the Great Central Sun the approaching readiness of Earth for the great Cosmic Inbreath of this Solar System.

Let Light and Love and Power restore the Plan on Earth. So Be It!

***I AM Gautama,
Lord of the World***

THE GREAT INVOCATION

*From the point of Light within the Mind of God
Let Light stream forth into the minds of men.*

Let Light descend on Earth.

From the point of Love within the Heart of God

Let Love stream forth into the Hearts of men.

May Christ return to Earth.

From the center where the Will of God is known

Let purpose guide the little wills of men -

The purpose which the Masters know and serve.

From the center which we call the race of men

Let the Plan of Love and Light work out.

And may It seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth.

Beloved Co-Servers on the Altar of Love,

Love has been written of throughout the history of this Planet in countless different ways. I would like to speak to you on the Love I have known, derived from My Spiritual development on Venus, My Solar development with Alpha and Omega, and in My Service to Earth in particular, in Loving Her back from the brink of being dissolved as a Planet to Her present point of Restoration and complete Victory.

Love is completing what you set out to accomplish in the name of Love. Completing your accomplishment requires establishing the Presence of your Three-fold Flame as a governing Intelligence and Power throughout the Sphere of Influence you have chosen to serve ... whether it be a family, city, nation, planet or solar system. Becoming a governing Intelligence and Power does not mean you govern others, for each has free will. It does mean you establish a Forcefield of Power and Intelligence that will support and prosper others in discovering and fulfilling their

own Divine Plan, no matter how long this takes. This is the Love Nature I have established on Earth.

Completion is Love. This is the hour of Completion. Completion for Group Avatar is the establishment of your Three-fold Flame from the upper boundary of your present evolution (the Flame in the Sun) to the outermost boundary of your Sphere of Influence (the physical atom of form) and in all spheres in between ... the center of which is Our Beloved Shamballa. Full completion of the Divine Plan comes from each Being establishing the Power, Intelligence and influence of their own Three-fold Flame throughout a certain sphere ... the synchronized, exponential expansion of all individual Three-fold Flames into one family Flame, one national Flame, one Planetary Flame, or one Solar Flame. In the case of our sweet Earth, this Planetary Flame is the Flame of Humanity's Christhood ... the Flame of Humanity's completion, at Shamballa.

I pray that you now understand the Cosmic Power of Love encoded in the Theme and Thoughtform of this year. The Theme has been completion of present Humanity into a new Heaven and a new Earth. Completion always brings birth in its wake. Thus, your completion prepares the way for the Sixth and Seventh Root Race Perfection to enter and establish the full combined Power of their Three-fold Flame within this Planetary Sphere of Influence, unfolding such Perfection as would stretch your own imagination to its limits. The completion of your individual Christ Consciousness brings with it the birth of your Solar Development. The completion of your collective Christ Consciousness within the completion of Group Avatar brings with it the birth of this Earth's future in the Solar System and the completion of its separateness from Universal I AM Presence. The completion of this Earth's present energies will bring with it not only a new Earth but a new Heaven ... the birth of a new Solar Hierarchy associated with Earth. All of this is Love in Action! ... ever expanding, eternally!

Each year also has its cycles of birth and completion. We are in the time of completion of this Sacred year. Just as the birth and expansion phase has its Festivals marking important releases of Energy (Easter, Wesak and the Festival of Humanity in June), so does the completion phase have its Sacred Ceremonies. In the preceding three months, there has been a harvest of this year's Love Energies from the three Kingdoms associated with Earth: September 30 was the Angelic Harvest; October 30, the Elemental Harvest; and November 30, Humanity's Harvest, which then leads directly into the month of Shamballa where all is offered unto the Lord of the World,

who breathes this Harvest of Love into the Flame of Humanity's completion and the Permanent Spiritual Atom of Earth.

Contemplate deeply the completion Energies of this year, of your Christ Development, of the Fifth Root Race Energies of the Vaisavata Manu, and of all the forces in opposition to the Divine Plan. Meditate upon your Three-fold Flame in Action as a governing Intelligence and Power throughout all these Spheres of Influence. Expand your Three-fold Flame of Love, Wisdom and Power until Its Radiance fills all time and space of Earth and Humanity. See and feel the future becoming NOW ... the birth of the Sixth and Seventh Root Races, of your Solar Development, of the Forces of Light from within Humanity governing this Planet, and of the coming of this New Year. Feel the Three-fold Flame of all other cells of Group Avatar also establishing their Sacred Power and Intelligence throughout all these Spheres of Influence. When all of this is felt at the core of your Being as the only reason for your existence on Earth, then you will know the Love Nature I represent in My Service to Earth. I offer you My Love, Support and Influence in establishing your completed Love Nature on Earth, then to expand it further in service to the Solar System. I have done this for many Masters and Avatars, and I AM here to do it for you as well. Call to Me and, upon My response, *come unto Me!*

I shall be with My Beloved Lady Venus and Our Family of Kumaras in residence at Shamballa this month, with Representatives of the Sun and all previous Avatars Who yet project Their full Consciousness into Shamballa's Sacred Flame. The Glorious Ceremonies of the completion of this Year's Energies and the birth of the New Year Energies (between the Royal Teton and Shamballa) shall become as one Light at these times. In the Presence of Our Beloved Karmic Board, you will see your efforts at completion in this year give birth to a new and wonderful opportunity for your collective Love Nature to bring tangible results as a governing Intelligence and Power in, through and around this Planet Earth.

Remember, Love is completing that which you set out to accomplish in the Name of Love. You and I spoke of these things aeons ago. And now, here we are on the verge of completion. And there you will find Me always ... I Love you!

I AM Sanat Kumara

Age of Freedom

Year 65 December 2019
